

MAIT CSE - Student Societies

The Department of Computer Science and Engineering (CSE) at MAIT fosters holistic development through various student societies and clubs. These societies provide opportunities for technical learning, research, leadership, and extracurricular engagement.

Active Societies at MAIT CSE:

1. TechCom (Technical Society)

Established: 2016

Faculty Advisors: Prof. Namita Gupta (HOD CSE), Ms. Deepti Gupta, Ms. Kavita Saxena, Ms. Karuna Midhha

Objective: Bridging technology and academia via workshops, quizzes, hackathons, webinars, and senior-junior sessions.

2. BYTE (Brains Yielding Technical Endeavors)

Official society for research and innovation. Focus on developing industry-level projects, front-end/back-end development, Android apps, UI/UX, graphic design, and 3D modeling.

3. GDG (Google Developer Groups)

Established: 2020 | Faculty Advisor: Dr. Prerna Mann

Objective: Empower developers to innovate, collaborate, and grow using Google technologies. Hosts workshops, projects, and learning events.

4. IEEE MAIT Student Branch

Part of global IEEE community promoting technological innovation and excellence. Organizes events, workshops, and seminars for technical advancement.

5. IIC Cell (Institution's Innovation Council)

Promotes innovation and entrepreneurship through idea incubation, challenges, workshops, and mentorship.

6. IOSD (Indian Open Source Developers)

Encourages students to contribute to open-source projects. Conducts workshops, hackathons, and collaborative initiatives.

7. TEDxMAIT

Independently organized TED event sharing ideas and experiences to inspire the MAIT community.
